Discount codes

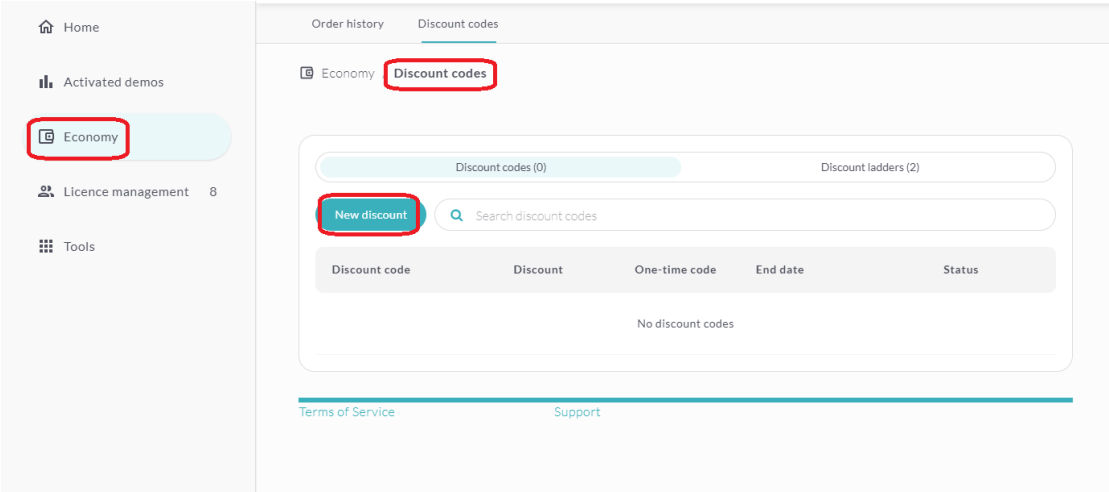

Ulf Kronsell - 2024-05-14 - Discounts

By generating discount codes you can provide offers to your customers that they can use in the Skolon web shop.
● This allows the school to order, for instance, 200 single licences in Skolon and receive a specific discount from you.
● **NOTE!** Discount codes does not apply for year 2 of a subscription (auto renewal), however discount ladders does.
● You can either use one-time codes or codes that are valid until a certain date, for example a campaign.
● The customer can type in the code during check out in the Skolon web shop.

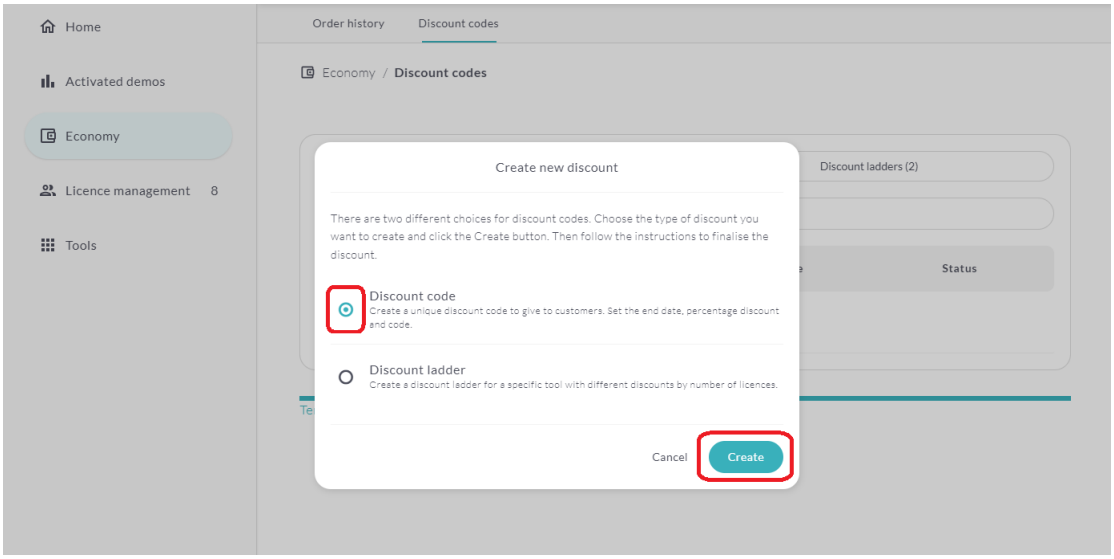

Create discount codes for your customers in the Partner portal

1. Log in to the Partner portal through www.skolon.com. Don't have an account? Contact us: support@skolon.eu

2. Click **Economy**.
3. Click **Discount codes, c**lick **New discount**.

5. Select **Discount code**. Click **Create**.

6. Type in a discount code, if the code is already in use you will get a warning.
7. Set a discount rate (%) of your choice. an end date if applicable and mark **One-time code** if the code only should be valid once.
8. Click **Save**.
